

GAS FURNACES  
MODEL R96P

# COMFORT YOU CAN COUNT ON

The **Ruud R96P Achiever Plus™ Series Gas Furnace** was engineered to warm your home in the most reliable, efficient way possible. You get year-round comfort — and a break on your energy bill.

[RUUD.COM](http://RUUD.COM)

## **ACHIEVER PLUS™ SERIES GAS FURNACE MODEL R96P** UP TO 96% AFUE\* EFFICIENCY

### **More Comfort and Better Performance**

A two-stage motor keeps you comfortable and increases the performance of your furnace.

### **Peace of Mind**

Designed with patented features to ensure year-round reliability. And for added product confidence, our gas furnace is backed by some of the best warranties in the industry.

### **Reliability & Durability**

Quality is in the details of the Ruud R96P *Achiever Plus* Series Gas Furnace. It's engineered with the exclusive PlusOne™ Ignition System — the most reliable ignition system available.

RELY ON RUUD.™

## RELY ON RUUD.™

For more than a century, Ruud has been a **name synonymous with reliability**. We engineer our gas furnaces with durability in mind, testing and retesting to guarantee a superior product. In addition, we work hard to bring you energy-efficient products that reduce your monthly energy costs, so you can be sure you're getting long-lasting value and comfort with any Ruud product you purchase.

### DESIGNED FOR COMFORT THAT LASTS

Industry-first patented features and 360°+1 engineering make the Ruud R96P *Achiever Plus* Series Gas Furnace a smart option. From top to bottom, inside and out, and every angle in between, we've thought of everything to bring you **efficient** and **reliable** indoor comfort.

Enjoy more comfort and better performance thanks to a two-stage operation that offers a more **consistent indoor environment** — keeping cold spots to a minimum. The two-stage heating design primarily operates on low-speed, only temporarily switching to high during peak cold-weather conditions.

**Reliability** is of the utmost importance when it comes to your family's comfort. Our *Achiever Plus* Series Gas Furnace comes standard with the Ruud-exclusive PlusOne Ignition System. This proven direct spark ignition (DSI) is one of the most reliable ignition systems available today. Used **exclusively by Ruud** in the Heating and Cooling industry, this technology is the same proven design used on ovens and stoves.

**Protect your home** with our PlusOne™ Water Management System. The industry's first blocked drain sensor will shut off your furnace when a drain is blocked, preventing water spillage and potential water damage to your home. It also prevents seasonal start-up issues. All this and the **best warranties** in the industry translate to fewer repair bills and more comfortable nights at home.

**Less sound and more comfort** is what you get with a Ruud *Achiever Plus* Series Gas Furnace. The new patented heat exchanger design provides **improved airflow**, which reduces operating sound by 20%\*\*, making it one of the **quietest furnaces on the market**. And a two-stage operation adds to a more comfortable indoor environment.

### SAVE ENERGY AND MONEY

The R96P *Achiever Plus* Series Gas Furnace is not only high-performing, it also **saves you energy and money**. A 96% AFUE rating may qualify you for local and/or utility rebates. It's everything you need in a furnace — and more!

### 360°+1 TAKES COMFORT A STEP FURTHER.

The Ruud R96P *Achiever Plus* Series Gas Furnace was designed using our 360°+1 process, which means every detail is meticulously evaluated from every angle.

We consider the work that goes into installing and servicing our products, as well as how we can deliver the very best homeowner experience. And then we take it a step further. That's 360°+1. And that's why you can count on your gas furnace to bring you and your family years of comfort.

#### GET COMFORTABLE

For high-efficiency comfort and peace of mind at an affordable price, the Ruud *Achiever Plus* Series Gas Furnace is your best choice. Find your local Ruud Independent Contractor today at **Ruud.com/Contractors**.

\* Annual Fuel Utilization Efficiency (AFUE) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher AFUE ratings reflect higher efficiency.

\*\* Testing showed, on average, a 20% reduction in sound when compared to previous Ruud gas furnace models.

\*\*\* Registration within 60 days of installation, original homeowner and residential application only. See Warranty Card for full details.
